EXPERIENCE THE JOY
For thousands of years, we have recognized the remarkable power of alternative therapies for aches, pains and cures than all other health-care approaches. Integrative Health Arts are a way of enhancing the healing of the whole person, incorporating the mind-body, emotional, social and spiritual levels through
BODY-TALK ACCESS, RADIONICS, PENDULUM THERAPY, SOUND VIBRATION and HARMONIC FOCUS, DO TERRA AROMA THERAPY, and CRYSTAL-SYMBOL-LIGHT and COLOR THERAPY
IHA works on a cellular level, where emotional blockages and physical illness start to mend without medication.
